

2012 **Vista**

On the cover: 35F Bronze Deluxe Graphics

SMARTSPACE™

30T Fairfax with Forest Cherry

Change Your Perspective

Experience Class A style and comfort in a whole new way. The 2012 Winnebago® Vista® packs value, functionality and beauty in an exceptionally priced motor home that you will simply love to drive.

All five floorplans offer versatility and plenty of space, so you can choose the Vista that is perfect for you and all your friends and family:

- Like flexibility? The 26P offers our spacious dinette, or choose the Comfort Sofa Sleeper with two pedestal tables and the available Euro chair with built-in footrest—new for 2012.
- Elegant dining? The available extendable table with the graceful buffet and 42" LCD

TV is highlighted in the 30T's triple slideout configuration.

- Kids? Bring them along and enjoy the bunk beds and U-shaped dinette that make up the family-friendly 32K.
- Master bath? The 35F offers a guest-bath mid-coach and a private master bath in the rear, along with the extendable sectional sofa in the spacious lounge.
- Love to entertain? The dual sofas and 42" LCD TV make inviting guests for movie night easy; or you can choose to add the available computer workstation and an additional 32" LCD TV in the 36D.

See the sights in the 2012 Winnebago Vista—you'll be glad you did.

Why Vista?

- Exceptionally priced Class A coach
- Floorplan variety ranging from 26' to 36'
- Available Ultraleather™
- Swivel cab seats
- MCD American roller shades
- Queen-size walk-around bed
- PowerLine® energy management system
- Lighted exterior compartments

Recognized Quality The RV Dealers Association bestows its annual Quality Circle Award based on dealer ratings to the manufacturers that provide exceptional products, service and support. Only one manufacturer has received this honor for sixteen consecutive years: Winnebago Industries®

35F Stone Manor with Coffee-Glazed Vienna Maple

ABCs – Vista Style

Automotive Styling

You deserve maximum comfort and styling. The Winnebago Vista cab seats wrap you in comfort, can swivel to face the lounge, and are available in plush Ultraleather. You will make an impression as you drive by with stylized aluminum wheels (35F/36D).

Bon Appétit

A well-appointed kitchen provides you with the space and amenities needed to prepare everything from a simple sandwich to a gourmet meal. A three burner range-top with storage below, microwave oven, plentiful cabinetry and our hallmark—fully extendable drawers that maximize storage space—give you everything you need in the kitchen. If you desire, add the Interior Upgrade Package and you will enjoy a contemporary kitchen backsplash, range and sink covers, raised-panel refrigerator door insert, and a flip-up countertop extension (NA36D) for added counter space.

Contented Relaxation

The private bedroom offers sweet slumber with its walk-around queen bed, available LCD TV, and plentiful wardrobe space. Kids will make full use of the bunk beds (32K) that are available with LCD monitors and DVD players. The Comfort Sofa/Sleeper (available on 26P, 30T, and 36D) and a convertible dinette offer additional sleeping space for overnight guests.

Best in Class

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.®

Plan Your Day Spread out the paper and enjoy a cup of coffee at the *Hoop Base Chair and Desk* (available 36D). The chair can be moved to your favorite spot when the coach is parked.

Versatility All sofa beds are not created equal. The *Comfort Sofa Sleeper* is wrapped in durable Ultraleather and easily converts to a spacious bed with a self-inflating mattress so cozy, your guests won't want to leave. (NA 32K, 35F)

SmartSpace™ Our SmartSpace design philosophy shines in the well-appointed galley; *Drawers* are sized to maximize storage and open wide on full-extension slides for easy access.

Keep In Touch The optional *Dash Workstation* is a great place to catch up on emails or write a letter.

Go Big Gather around the TV in the *Extendable Sectional Sofa* that expands to seat the entire family (35F).

Convenient Control Staying on top of key systems is a snap with the *OnePlace® Systems Center*, which provides a single monitoring point so you can get down to the business of having fun more quickly.

Let There Be Light or Shade With our smoothly retracting *MCD American Duo® Solar/Blackout Roller Shades* you can control just how much light and privacy you want — no matter the time of day. MCD American Solo® shades come standard.

Bring It We redesigned the 35F and 36D exterior storage compartments for 2012, increasing the openings by four inches, allowing for better access and more storage space to bring whatever your heart desires.

Technology Other motor homes employ tank monitors with probes that can corrode; our *TrueLevel™ Tank Monitor System* harnesses sonar technology to provide accurate readings every time.

WARRANTY⁷

12-month/15,000-mile basic limited warranty⁸

36-month/36,000-mile limited warranty on structure⁸

10-year limited parts and labor warranty on roof skin⁸

- ¹ The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
- ² Vista floorplans feature a wide-body design-over 96" in making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
- ³ The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
- ⁴ Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
- ⁵ Capacities shown are tank manufacturer's listed water capacity (WC). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
- ⁶ Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
- ⁷ See separate chassis warranty.
- ⁸ See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Winnebago Industries* continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Comparisons to other motor homes are based on the most recent information available at printing.

Take a Tour

We're proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

NO SHORTCUTS — NO COMPROMISES

The crowned, one-piece **fiberglass roof** is backed by a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength and durability over less attractive rubber roofs found on so many competitive models that can streak and degrade over time.

Durable, lightweight **Thermo-Panel® sidewalls** combine fiberglass, high-density block-foam insulation and the inner wall surface with aluminum support structures.

Metal substructures secure cabinets and appliances to add safety and stability.

An **electrodeposition coating** helps protect critical steel components.

Specially engineered **interlocking joints** connect the floor, sidewalls and roof into a cohesive unit.

**SUPER
STRUCTURE**

You can compare features. You can compare styles. But when it comes to quality construction, there is no comparison. Only motor homes manufactured by Winnebago Industries harness the legendary strength and durability of our SuperStructure® construction process—a process we've been perfecting for more than 50 years.

SuperStructure means a solid framework, steel and aluminum substructures and components built in-house to our exacting standards. It means managing each detail to ensure the integrity and quality of every coach. It means barcoding parts to save time and frustration during service and running every coach through a high-pressure leak test before it leaves the factory.

Where other manufacturers cut corners, SuperStructure ensures the features you can't see are treated with the same care as the ones you can. When you buy a Winnebago motor home, you are getting a coach that is built for you—and built to last.
